คณะกายภาพบำบัด

ประวัติและผลงานอาจารย์

ตำแหน่งวิชาการ

ผู้ช่วยศาสตราจารย์  
Assistant Professor

E-Mail

saitida@g.swu.ac.th

ชื่อ-นามสกุล (ภาษาไทย) สายธิดา ลาภอนันตสิน

ชื่อ-นามสกุล (ภาษาอังกฤษ) Saitida Lapanantasin

การศึกษา

ปีที่จบ	สถาบัน/ประเทศ	วุฒิการศึกษา
2006	Mahidol University, Thailand	Ph.D. (Anatomy)
1996	Mahidol University, Thailand	M.Sc. (Physical Therapy)
1991	Mahidol University, Thailand	B.Sc. (Physical Therapy) First-class honors, Gold Medal

ความเชี่ยวชาญ

- Physical therapy in neurological conditions
- Physical therapy in geriatric

ผลงานวิจัย ( 5 ปีที่ผ่านมา )

1. Chatutain A, Pattana J, Parinsarum T, Lapanantasin S.\* Walking meditation promotes ankle proprioception and balance performance among elderly women. Journal of Bodywork & Movement Therapies (2018), doi: <https://doi.org/10.1016/j.jbmt.2018.09.152> (In press, Accepted manuscript, Available online 25 October 2018)
2. Sukphaibool P, Mitranun W, Lapanantasin S. Effects of walking meditation and massage on neuropathic symptoms in persons with type-2 diabetic peripheral neuropathy. The 2nd Suan Sunandha National and International Academic Conference on Science and Technology “Science, Technology and Innovation (SsSci 2019), at The Royal River Hotel, Bangkok, Thailand, on 8th November 2019. (Full text Proceeding)

3. Sillapachai T, Lapanantasin S. Weight shifting facilitation during standing by a balance training device developing from passive infrared sensor: a pilot study. The 3rd National and International Research Conference 2019: NIRC II 2019, on 1st February 2019. At Buriram Rajabhat University. (Full text Proceeding)
4. Saisathit S, Lapanantasin S. Concordance between the foot-ulcer risk screening by a diabetic foot assessment of The Ministry of Public Health and Michigan Neuropathy screening Instrument in type-2 diabetes: a preliminary study. The 3rd Suan Dusit Academic National Conference 2018, at Suan Dusit University, Thailand, on 31st July 2018. (Full text Proceeding)
5. Lapanantasin S, Inkeaw W, La-or-sub K. Appropriate duration for massage to increase peripheral blood flow and skin temperature of foot. *Thai Journal of Physical Therapy*, 2017; 39: 14-22.
6. Lapanantasin S, Songkhropol Y, Ritsamret N, Jamjuree S. Immediate effects of massage, Buerger-Allen exercise and weight bearing exercise on peripheral blood flow and skin temperature of foot in young adults. *Thai Journal of Physical Therapy*, 2016; 38: 14-22.
7. Lapanantasin S, Techovanich W, Na Songkhla P, Odglun Y, Wikam S. Balance performance and fear of fall improvement for elderly women living in Ongkharak and Bang-lookseir subdistrict of Nakhonnayok province by a community-based service. *Thai Journal of Physical Therapy*, 2015; 37: 63-77.
8. Lapanantasin S, Jedtanaprakrit S, Assarach R, Inklum W, Jamnongphon S. Effect of massage with peripheral vascular circulation exercise on neuropathic symptoms of lower legs in type 2 diabetic patients: a pilot study. *Thai Journal of Physical Therapy*, 2014; 36: 97-105.
9. Lapanantasin S, Termkitwanich K, Kititutsaranee S, Prangsri U. Effects of group exercise program for balance training on balance performance in Thai elderly women with different physical activity levels: a pilot study. *Thai Journal of Physical Therapy*, 2013; 35: 1-15.

10. Terktug R., Lapanantasin S, Tongtae R. Group exercise program for improving balance performance in elders with diabetic peripheral neuropathy. (Best Paper Award) The 28th National Graduate Research Conference at Assumption University, Thailand, on 28th-29th June 2013. (Full text Proceeding)
